All such information shall be held in confidence and not disclosed or copied to third parties. Subject to the restrictions set out below, a delegate may use the Documentation to enable that delegate to carry out his duties for the Customer, but the Documentation may not be copied or used by any other person, including other employees or sub-contractors working for the Customer. The Documentation may not be used or copied to provide training for any other person, including other employees or sub-contractors working for the Customer.
8. WARRANTIES
 - 8.1 Software AG warrants that the instructors/consultants who present the Training will be suitably qualified or experienced. Software AG does not warrant that the Training will meet the Customer's business requirements. Software AG cannot guarantee that every delegate will obtain the full benefit of the Training; the Customer must ensure that delegates have the necessary pre-requisite experience and show a full commitment to the learning process to enable its delegates to take advantage of the Training.
 - 8.2 The warranty set out in Clause 8.1 is the only warranty given by Software AG and all other conditions, terms, undertakings and warranties express or implied, statutory or otherwise (including but not limited to those as to quality, performance, suitability and fitness for purpose) are hereby excluded. Nothing in this Agreement shall exclude liability for any fraudulent misrepresentations made by either party to the other.
9. FORCE MAJEURE
Software AG shall not be liable to the Customer for delays or failures in performance arising out of any Act of God, or any cause beyond Software AG's reasonable control.
10. LIMITATION OF LIABILITY/DAMAGES
 - 10.1 Neither party excludes liability to the other for death or personal injury arising from the negligence of its employees, agents or subcontractors.
 - 10.2 Subject to Clause 10.1 neither party shall be liable to the other in any event for any type of special, indirect, economic or consequential loss or damage (including loss of profits, revenue, goodwill, anticipated savings, data or contracts) suffered by the other party including claims brought by a third party, even if such loss was reasonably foreseeable or the defaulting party had been advised of the possibility of the other party incurring the same.
 - 10.3 Subject to the provisions of Clauses 10.1 and 10.2, each party's aggregate liability to the other under or in connection with this Agreement (whether for breach of contract negligence or otherwise) shall be limited to the total amount of the fee(s) payable under this Agreement.
 - 10.4 Software AG will only provide On-Site training on a test systems environment and the Customer is responsible for the provision of such an environment for On-Site training. The Customer should advise Software AG if it wishes training to be provided on a production system. Software AG will only agree to this in very exceptional circumstances. Where Software AG does agree to provide On-Site training on a production system the Customer acknowledges that this will inevitably involve a risk

to the production system and any data it contains. Software AG will only agree to provide On-Site training on a non-test systems environment on the basis that Software AG accepts no liability to the Customer in any circumstances whatsoever for any loss, expense or damage suffered or incurred by the Customer (including special, indirect, economic or consequential loss, loss of data, revenue, anticipated savings, goodwill or contracts, or any processing errors) as a result of the On-Site training taking place on that system. Software AG strongly recommends that, where it has been agreed that On-Site training will take place on a production system, the Customer takes a full back up copy of the current systems and data prior to any On-Site training taking place.

11. MISCELLANEOUS

Software AG will only provide the Training on the terms and conditions set out in this Agreement and any other terms and conditions presented by the Customer (whether on any purchase order or otherwise) are hereby expressly rejected in favour of these terms and conditions.
- 11.2 No variation of, omission from, or addition to any of the terms and conditions of this Agreement, whether written or oral, shall be binding upon a party unless it is agreed in writing and signed on behalf of both parties by a duly authorised representative.
