

## IDS Scheer Consulting

### REACH INDUSTRY PROCESS EXCELLENCE

**You will improve business performance by working with IDS Scheer Consulting. That's our promise.**

Taking control of your processes is the only way to manage your operations most effectively with the least risk. Our 1,600+ consultants around the world can assure your processes are lean, efficient and productive – no matter your company's size.

Unlike any other resource, IDS Scheer Consulting, a Software AG brand, uniquely offers you:

- Industry-specific best-practice processes
- Ready-to-implement, preconfigured SAP solutions
- Unparalleled process knowledge
- Predefined industry solutions (Industry PerformanceREADY)
- Certified expertise as an SAP Global Partner, SAP Gold Partner and winner of the SAP Pinnacle Award for two consecutive years

There's no better guide to help you reach your process goals.

#### **Achieve measurable benefits**

Our consultants think in terms of business processes, not functions or software modules. To us, IT is purely a means to an end – which is, optimizing your processes and increasing your competitiveness. This process-focused approach has proven to produce fast, measurable and long-lasting results for many of the world's leading organizations.

#### **Get more out of SAP – faster**

We invented "process-driven SAP implementation." Leverage this extensive expertise to accelerate your projects and maximize your ROI in SAP.

#### **Build on best-practice processes**

Why reinvent the wheel for your project? With IDS Scheer Consulting, you'll profit from preconfigured software and industry best-practice processes. Take advantage of our ready-to-implement, ready-to-measure and ready-to-manage solutions for:

- Automotive
- Banking
- Capital Goods
- Chemicals
- Consumer Goods
- Defense
- Energy and Utilities
- Government/Public Services
- Insurance
- Life Sciences
- Logistics
- Pharmaceuticals
- Retail
- Telecommunications
- Transportation

## PORTFOLIO OVERVIEW

For more than 25 years, IDS Scheer Consulting has given precedence to Business Process Excellence over technology and functionality. We put business processes first so that your IT assets, such as SAP, are built on top of structured process models, which are aligned with business aims.

Our process-focused portfolio features:

### Industry Consulting

- Leveraging industry-specific definitions of end-to-end to-be processes
- Business Intelligence (BI), SAP HANA and mobility consulting
- Using industry-specific Key Performance Indicators (KPIs) and benchmarks
- Implementing processes within supporting IT solutions
- Industry-specific SAP solutions backed by specialized know-how in supply chain management and customer relationship management
- SAP training

### Process-Driven SAP Consulting

- Business-value-oriented, process-driven SAP implementations, upgrades and roll outs
- Automatic re-documentation of SAP systems
- Predefined best-practice processes
- Deep integration of SAP and the ARIS Platform of process tools

### Management Consulting

- Defining your business strategy
- Establishing IT strategy and IT governance
- Business re-engineering
- Change management

### BPM Governance

- Defining the “process of process management”
- Optimizing your BPM organization, specifying roles and responsibilities
- Implementing ARIS Process Governance

### Business Process Performance

- Highly integrated generation of insights and decision support
- BI
- Expertise in ARIS Process Performance Manager
- Helping you drive business performance using process KPIs

### ARIS Services

- Assisting you in maximizing the value of the ARIS Platform
- Training
- Methodology support
- Customized solutions

### Managed Services

- Application management for SAP and ARIS environments
- Support desk services
- Operations and hosting in our data center

## INDUSTRY PROCESS EXCELLENCE WITH IDS SCHEER CONSULTING

Optimize your company's core competencies, customer satisfaction, production and delivery times, product quality and costs. Our process experts are ready to help – whether you need to develop a process strategy, design and implement the best processes possible, improve processes or get operational support.

Talk to your IDS Scheer Consulting representative for more details.

**Industry**  
PerformanceREADY

Based on **SAP® best practice processes**, Industry.PerformanceREADY from IDS Scheer Consulting is the first genuinely process-oriented end-to-end solution. This package combines software and knowledge with industry-specific process scenarios based on SAP best practices to help you achieve results – faster. We use the market-leading ARIS software to create a company-specific model of your business workflows. These are used to configure your SAP solution. Save time and money. Industry.PerformanceREADY ships with an industry reference model in ARIS and preconfigured software – all based on best practices. The benefits to you: **fast roll out of a custom solution at an attractive cost and with minimal risk.**

Take the next step to get there - faster.
